WHY DEVELOP A HEALTH WORKER PROFILE?

We would love this to be an opportunity for you to write about yourself and the hard-work you do and the experiences you've had working with the partnership.

For us this is a great way for all who follow THET, from health partners to donors, to understand the work that is happening through the projects and partnerships we support by adding a 'face' to THET's work.

With your permission we would like to use this on our website in our 'Health Worker Profiles' section and potentially for use in our monthly newsletter, letters to donors, across our social media platforms (Twitter, Facebook and Instagram) and within marketing materials (conference programmes, leaflets, etc).

WHAT TO INCLUDE?

A little about yourself

- Your name, job title, hospital or health centre you work at
- A bit about the area in which you live or work to set the context
- Why did you decide to work in health care?
- Why did you choose to your specific role (e.g. Nurse, Doctor, Health Technician, Pharmacist etc)

About the partnership

- What partnership are you involved in?
- What is the aim of the partnership? i.e. improve patient safety, train community health workers, establish cancer screening, etc.
- How did you become involved in the partnership work in your hospital/health centre?
- What sessions/training/project activities did you take part in?
- What did you enjoy about the experience?
- Did you find there were any challenges?
- How did you benefit from the partnership?
- Has/will the project improve patient care and/or health services at your hospital/health centre?
- What is your vision/hope/plan for the future?

THET PHOTOGRAPHY GUIDE

It would be great to have a photograph to accompany your profile.

The image(s) should show:

- Positive impact of partnership working
- Strong, independent, upbeat health workers
- Document project work.

TECHNICAL CONSIDERATIONS

Photos should:

- Be good quality, in focus, well lit
- Depict real moments
- Subjects in photos must give consent
